UPDATE ON BARRY

As we approach Barry's second anniversary of his crash, we thought many of you would like an update. He is adapting well to his new lifestyle.

He continues to share a bottle of whiskey with PH's and clients while puffing on cigars. The family took their annual vacation in Namibia again this year and he is planning another trip next month. In the photo to the right is Barry with a gorgeous gemsbuck taken by Morgan this June.

HUNTING HIGHLIGHTS

As our season is coming to an end we would like to share some of this year's highlights. We had many interesting clients and families visit us this year.

For instance, father and son hunters, Tim and Hunter took their first African safari this year in Namibia. Tim expressed how important getting a nice kudu was. Once Scot spotted a kudu Hunter grabbed the rifle from his father and shot his kudu, seen in the image to the left. The kudu pictured below was taken by Jacob on his first morning hunting alone in South Africa.

STAFF INTRODUCTION

We would like to formally introduce you to Lloyd Freitag. Lloyd is a young lad just out of school. In fact he was in school with Scot and Frederick.

He has taken over our vermin control department and helps out wherever he is needed. The picture below shows Lloyd and Mike with some of their hunting dogs. You may have seen his video on Facebook carrying a blue wildebeest, it's a must see.

Once again we had the pleasure of hosting Craig Boddington in South Africa. You can read all about Craig's hunt with us [here](#). He is pictured below with his three-horned eland. Be sure to check out SCI's auction catalogue for Craig's celebrity hunt with us in Namibia next year.
